CORPORATE GOVERNANCE

Corporate Governance, as we know, is the method by which a corporation is directed, administered or controlled. It includes the laws and customs affecting this direction, as well as the goals for which the corporation is governed. But most important of all, a corporate entity is composed of people. However, your Company is blessed with committed, dedicated and ethical key managerial personnel and this is the reason your Company grew up with its enduring spotless image.

Your Company's Corporate Governance Philosophy is based on imbibing best practices in the area with emphasis on ensuring transparency, accountability, compliance of all statutory and regulatory requirements and adhering to the best level of business ethics. Risk identification and mitigation exercises are constantly reviewed and implemented.

SOCIAL INITIATIVES

Your Company believes that society and business goes hand in hand. It believes that no business can flourish with either – or's suppression. I can proudly put these words that your Company is also rich in Social Capital.

The following chant is very well applicable to the association of **business with society**:

“ॐ सह नावतु सह नौ भुनक्तु सह वीर्यम् करवावहे
तेजस्वीनावधीतमस्तु मा विद्विशावहेद्भ ।
ॐ शान्तिः शान्तिः शान्तिः ।”

- “Means let both of us be sheltered, let both of us have the fruits, lets endeavour together and let both of us develop knowledge through bright education without harming others to achieve the ultimate goal of Financial, Physical, Mental and Spiritual growth and peace.”

Again, it is true that no single organ of society will be able to make a significant difference based on their individual action. However, the efforts made by your Company by providing scholarship to children and young adult, by sponsoring learning aids and educational programmes at various educational institutions and by supporting business events and industrial exhibitions demonstrate that with innovation, commitment and by forging enduring partnerships, we can all make a difference. **It is indeed heartening to witness a growing corporate consciousness to ensure that the future generations are more secure.**

By giving generous contribution for Cardiac Centre at Shree Krishna Hospital, Karamsad for the welfare of Common people, your Company gives an example of its belief in maintaining good common health and also in preserving the environment, which is the main theme of the Annual Report.
