

Elecon Engineering receives new order

Vallabh Vidyanagar, India, December 5th 2020 - Elecon Engineering Company Limited ("Elecon"), one of the largest gears and Material handling manufacturer in Asia and a leading player in MHE segment today announced the receipt of new orders in its material handling business.

The Company announced that it has bagged order worth Rs. 3.98 Crores From **Crore** from M/s. L&T Metallurgical and material handling division for Vibrating grizzly feeders for BHEL Yadadri project.

Commenting on the development, **Mr. Prayasvin Patel, CMD** said *"We are happy to receive this order in the MHE business which has been moderate due to macro-economic factors gripping our industry. We believe the government continues to take right policy measures and over a period the industry should gradually start witnessing traction from the core sectors"*
